BowDog Terms of Service:

In order to join the BowDog pack, please acknowledge the following terms of service by reading and clicking the "I've Read the Terms of Service" box below.

- 1) My pet is generally well-behaved and friendly toward other people and animals. BowDog provides services in pack environments. BowDog has the right to refuse dogs that are not suitable in these environments.
- 2) I recognize and acknowledge that there is inherent risk involved in allowing my pet to be in a public space. If my pet fails to return when called in an off-leash setting, I am responsible for my pet and his actions. BowDog employees will attempt to recall and locate missing pets to the best of their ability while still providing safe and adequate care to the other animals in their charge.
- 3) BowDog is not responsible for damages caused by my pet in my home, BowDog vehicles and any other public or private property my pet may visit while in the care of BowDog (destructive behavior in vehicle, kennel, home, etc when staff, owner, or care provider is not present.)
- 4) BowDog is not responsible should my pet become aggressive or threatening towards people or dogs. My pet will be removed safely and immediately from the situation with utmost care and attention.
- 5) BowDog is not responsible for any injuries or the contraction of viruses/diseases/parasites my pet may incur while in their care. First aid will be administered and veterinary attention sought should my pet be in need of medical attention. BowDog has permission to seek emergency medical assistance on my pet's behalf should they be unable to contact me personally. BowDog is not financially responsible for any fees accrued in the process of obtaining medical attention on my pet's behalf.
- 6) BowDog reserves the right to remove the client(s) from our care permanently should we deem their behavior dangerous or unsuited for our services.
- 7) We request that clients respect our hours of operation, guests must be picked up within our hours of operation or will be boarded for the night at the client's expense.
- 8) Vaccinations and pest prevention are the responsibility of the pet owner. BowDog encourages clients to make the best decision for their pet regarding vaccination protocols acknowledging the risks involved in canine socialization.

I agree to all of the terms and conditions above and the waiver shall remain in effect on all future dates that my pet will require the services of BowDog Inc.
